President's Message

September 2011

As you read this we are on the eve of our final Race weekend at ORP. Weather looks to be great. I am looking forward to seeing you at the track. Please let me encourage you to wear TC clothing, hat, and jacket, etc. We put on a great Track Day and Race Weekend. People should be aware of who we are at these events. Let's be proud of our club activities.

We have racers and volunteers, never enough of both. If you are available please race or volunteer!

Wednesday September 21, 7 pm at Mars Meadows Chinese Restaurant will be our General Meeting. We can look forward to sharing our war stories, woes stories and any other stories from this weekend. An important piece of business will be dealt with at this meeting. Last month we published the By-Law committees' recommendations for changes to the By-Laws. The discussion and vote was tabled allowing more time to review these changes. Please take time to read these changes. They are in August Tell Tale and should be in Septembers Tell Tale. The By-Law Committee spent quality time on these and I feel as a whole they can be accepted. Please come to the meeting and participate in the process that makes our club unique!

As always,

"Race for Fun"!!!

By-Law Committee Recommendations!!

We have had several great meetings and have put together our recommendations for By-Law changes. Some of these changes are cleaning up language. There are several that are designed to improve the operations of our club going into the future. We have not tackled are the changes. This is a start and I encourage your feedback to areas we have not yet addressed.

These changes are printed in the August Tell Tale and in this September issue of the Tell Tale. We will be voting on these at the September General Meeting, Wednesday Sept. 21 at Mars. Meeting starts at 7pm.

Thanks,
Eric Howell

The inaugural running of the RAT RACE is over. Thanks to T.C. for the use of the club’s cooking equipment and support of so many of the members. Now it is time to “push the redline” on the upcoming T.C. Race and Driver school.

Thanks to this month’s Tell Tail Contributors. Due to time constraints this issue had to be published “In House” in order to get posted before the race.

Bill Murray
Communications Director.

General Membership Meeting will be held the third Wednesday of the month at Mar’s Meadows at 7:00 pm.

UPDATE

I am excited to let everyone know, that at the present count we have 38 participants registered for the TC Driving school/test and tune/HPDE. 10 of which are novices.

So, I need instructors. One TC member has signed up to instruct (Thank you Mr. Waltz), but I need at least 9 more.

I also need 3-4 instructor/car combos for some HPDE pace and chase, one maybe 2 sessions.

Finally I need 4 or 5 presenters for the novice ground school.

If I could ask that you could register to instruct at motorsportsreg.com, that way I can make student/instructor assignments.

Looking forward to seeing everyone at ORP next week, and a huge thank you to all of you who managed to recruit participants, we still have more space, and every new participant will actually turn this into a profitable event!

Best

TC Board Meeting
Lauralwood Public House
September 7, 2011

Members and guests present: Mitch Lea, Eric Howell, Bob Smethers, Paul Cap, Bill Murray, Andy Robottom, Colin Waltz, Robert Waco, Peter Linssen, Terry Amundson, Duane Starr and Carol Ewing.

Mitch lea called the meeting to order. He welcomed us all and said he was going to conduct the meeting in a different order.

Contest Board Rep: Colin Waltz. Colin states he is about to solicit the membership for rule change suggestions. He is not sure of the deadline but will want to hear from the TC membership with suggestions and arguments.

Mitch announced that Jim Larfield's wife will be coordinating volunteers for selling merchandise at the Sept. race.

Communications Director: Bill Murray. Bill states that they are having PA trouble at ORP but hopefully the electrical gods ill have it worked out in time for the drivers training and race.

Bill also states he will produce publish and distribute this month's Tell Tale himself. Please be punctual with submissions.

**General Membership Meeting will be held the third Wednesday of the month
at Mar's Meadows at 7:00 pm.**

Race Chair: Bob Smethers. Bob asked for a check for the Bunk house. He states that the timing system that had been damaged has been repaired and is now better than before. There were approximately 53 racers signed up as of tonight. There were questions about handling the various discounts and Bob responded that this would be done at registration. He has no idea at his time how the discounts will affect our bottom line. There was much discussion about the pro's and con's of using motorsport reg.

Bob announced the next and last committee meeting will be held Tuesday Sept 13 7pm at Holman's Bar and Grill. This will be to fine tune the plan that has already been cast.

Bob brought up for discussion a proposal to contract with the local fire chief for fire suppression services. The proposal was that the local fire chief supply a fire suppression truck and crew for \$700.00 per day. This would total \$2100.00 for the three days. The thought was this might save us a much higher call out charge in the event a fire got out of control. Discussion was had and Bill Murray described the fire suppression systems already in place by ORP and the fact that we would have many, many workers there to help with any blaze. The board discussed this at length and decided that the extra expense was not appropriate. Bob registered his opposition to this decision.

Driving Master: Andy Robottom. Andy states that at present we have 36 participants signed up for drivers training. There are 7 novices and the rest are either HPDE or test and tune. He needs volunteers for instructing, both in class and on track. He also needs pace and chase drivers.

Spiritual Leader: Robert Waco. Robert had questions about the number of people he would be expected to cook for and which meals the club was providing. Making meals available to the other participants for a fee was also discussed. The consensus was that we should do this but only after our race workers and other participants were served.

Vice President: Eric Howell. Eric discussed the Bi-Law changes and Mitch also discussed them. They both asked that the board be familiar with them and be prepared with any potential questions at the general meeting. Mitch states he is going to try and have the changes voted on as a package as opposed to individual changes.

Old business: Mitch announced that Andy Robottom is willing and anxious to run for the ICSCC office of president. Darin Dilly was also nominated at the last general meeting and Mitch will speak to him prior to the general meeting.

Carol Ewing stated she will be working the event all weekend.

Meeting Adjourned.

Movie review: Senna

Now playing in theatres.

Walking into the theatre I was wondering who had been cast to play this iconic figure and hoping it would be about the man and not some sappy novel trying to capitalize on his too short but remarkable career.

The pleasant surprise: Senna is played by Senna.

The film is a little grainy and choppy. No key grip, best boy or folly puller here, but rather, a masterful job of assembling and culling archival footage from ESPN, home movies and other sources. To my mind this is the best kind of documentary, so well put together and linked with narration, that even people who have no affinity for Formula-1 can get caught up in the drama and the very personal story of this remarkably talented Brazilian driver. Defiantly worth the time.

Soon to be playing a racetrack near you.

Spy report

9/4/2011

Subject: The Ridge (new race track under construction, Shelton Washington).

Acquisition of Intelligence: Freelance agent (double o nuthin') was able to penetrate the security of this installation (no one 'round). Digital images were obtained and have been submitted for analysis.

Reliability assessment: this operative has been known to work for "the other side" (karting) however, upon polygraph examination indications are high that he can be turned (into a sports car racer). Although he has been shaken not stirred, he is deemed to be a reliable source.

Photo interpretation: "Yup, these are rocks and this is dirt, the basic substance race tracks are made of". One photograph may suggest an attempt to mimic the cork screw of Laguna Secca, (formerly considered to be state of the art until three years ago when more sophisticated turn systems became operational).

Conclusions of staff: As indicated by the present level of development (rough grading only) and limited time remaining in the present construction season for paving, completion is somewhat behind generally accepted projections of the intelligence community. Some savings in compaction costs and dust mitigation could be realized from reduced water requirements during the fall. It is probable that road bed construction will continue until weather and mud make further work inadvisable. Paving will be delayed until late spring to avoid cold lap problems in the final lift. Compounding problems of tight funds and a down economy may curtail some facets of the project. Even with best efforts, operational readiness of any level should not be expected until early summer.
