RE: ORP facility enhancements

Hello Mr. Bill Murray –

As Team Continental Race Chair for 2011, I'm looking forward to successful driver training and road racing events for this season ! I also anticipate TC assisting SCCA OR with their August event at ORP to ensure smooth & consistent operations for all involved.

One of my other duties as Race Chair is to represent our volunteers to ICSCC Clubs and Oregon Raceway Park. I am compiling requests from TC Race Committee members pertaining to facility enhancements we recommend for the ORP facility. I don't expect any of these items on our "wish list" will be a surprise to you and your staff. This seemed like an appropriate opportunity to reaffirm our commitment to assist planning for future growth and development of our favorite club track !

At this time we respectfully submit the following for your review & considerations:

- 1) Expand the available paved paddock space;
- 2) Permanent painted striping of the upper paved paddock;
- 3) In lieu of additional paving along the lower paddock road to/from Pregrid, additional conveyor belt material worked well to accommodate our customers;
- 4) Speaker and mic available outside the ORP admin building for driver meetings;
- 5) Permanent landline-based communication systems;
- 6) Perimeter road for spectators, Safety response and worker access to corner stations;
- 7) Potable drinking water and power accessibility;
- 8) Flush toilet restrooms;
- 9) Worker camping/tent area

At your convenience, I'd appreciate the opportunity to discuss ORP future growth plans.

Bob Smethers, TC Race Chair
