

# TELL TALE

JANUARY 1984

Welcome to the new year!

The Christmas party at Eric's provided a suitable TC-type exit for the old year - lots of beer and crazy people. The gifts this year were especially inventive and inspirational. Marilyn did her best to inspire Pete by modeling a bright negligee appropriately expanded by the TC buns and the (new this year) TC bosoms. I don't know who answered the roll call the next morning as I was spending the next day praying to the porcelain god.

The election results showed a few surprises as our newest member was elected membership director. Our president-elect, complete with his executive goatee, faces a big challenge. The last year was one of our most successful years financially but was lacking in inspiration and organization. I'm sure our new leader has the necessary joy de vivre (sp) to fulfill the enormous task he has embraced. A chicken in every pot, and.... want some candy little girl?

I'm looking forward to the banquet because of the fun we always have and the chance to review the past year and plan for the new one.

Our new driving master is already on the job preparing for our first drivers training on March 3. Because of the early date we're going to have to get out and sell as well as prepare ourselves for a chilly day at the track.

I'll end my ramblings by thanking all the people who have helped me through this intense learning exercise. The one greatest thing I learned is that this club has enough depth and resiliency to handle anything and has a good time doing it.

For the next good time I hope to see you all at the banquet or at least on the track next year,

Bud
